

For flat-head printers

AW1F is the latest generation of Toshiba wax ribbon. It is designed to offer a very competitive ribbon with performance matching market expectations. The AW1F is the best Toshiba solution for very price sensitive applications. Providing sharp printed images of text and barcodes onto a wide range of label materials, from uncoated to glossy papers, it offers a blackness above 2.1 ODR and heat resistance up to 60°C (140°F). AW1F, as all Toshiba ribbon products, offers the best in printhead protection with its superior backcoating.

Toshiba AW1F ribbons – the ribbon for maximum competitiveness.

Characteristics

Competitiveness	Good printing quality
Receptor multi-compatibility	

Specifications (Performances expressed in this sheet are for the black ribbon)

Ink	Type	Wax
	Melting point	65°C (149°F)
Carrier	Film thickness	<9µm
	PET thickness	4.5µm
	Tensile strenght	>220 N/mm² (MD)
Back Coating	Silicone product based	Friction coefficient Kd <0.2
Colours	● Black	

Ribbon is anti static build up treated. Storage: 12 months, 5-35°C (40-95°F), 20-80% Humidity

Certifications and Approvals (For other standards, please contact us)

Food Contact	1935/2004/EC.
TSCA	The ribbon does not contain any of the toxic substances mentioned in this list.
Heavy metals	RoHS: 2011/65/EC WEEE: 2002/96/EC Compliance with the limitation of dangerous substances in electrical equipment.
REACH	1907/2006/EC. The ribbon does not contain any Substances of Very High Concern (SVHC).

Always Choose Toshiba Ribbons for Toshiba Printers

The wide range of Toshiba ribbons available today ensures that our valued customers have different product options for virtually every thermal transfer application. Using Toshiba ribbons ensures optimum print quality causing minimum wear on working parts - in particular to the printhead.

Before a ribbon is certified by Toshiba it must first undergo stringent tests to ensure its continuity and reliability in the field. It is assessed on a variety of receiving materials, and at every speed and temperature combination. Only once this procedure is complete and deemed successful will the ribbon receive its certificate of approval.

Other Approved Ribbon Type Available

Standard applications	Wax	Wax/resin
	Super wax/ resin	Full resin
Specialist resins for	Wash-care & textile labelling	Harsh chemical and industrial uses
	Extreme automotive and aviation environments
